

BioResources Beneficial Insects - Price List 2018 FY

MacTrix Prices per 1,000 Wasps	Egg parasitoid of Macadamia Nut Borer			
Program	1 - 4,000 per delivery	5 - 9,000 per delivery	10 - 19,000 per delivery	20,000 + per delivery
Price per 1,000 wasps:	\$40.00	\$38.00	\$36.00	\$34.00

Recommendations: 8 to 12 weekly releases starting several weeks before MNB are typically observed. Smaller crops (up to 5 ha) require higher release rates per hectare of 1,000 per hectare per release.

Larger properties (20+ ha) can reduce this rate considerably if you are able to identify hot spots or the direction from which the moths usually come.

Anastatus prices per 1,000 wasps	Egg parasitoid of FSB, BSB and spined citrus bug			
Program	4,000 per delivery	5-9,000 per delivery	10,000 or more per delivery	
Price per 1,000 wasps:	\$50.00	\$47.00	\$45.00	

Recommendations: 8 or more releases over the warmer months, 3 or 4 weeks apart. Identify the boundaries or sites on-farm where FSB are likely to be breeding. Release at least 1,000 wasps per 100 meters of susceptible boundary or creek line per release. Minimum order 4,000 per delivery.

Green Lacewings prices for packs of 200+ adults	Predator of thrips, mites, moth eggs, small caterpillars, lace bug...			
Program	2 to 3 packs per delivery	4 to 7 packs per delivery	8 or more packs per delivery	
Price per pack of 200+ adults :	\$70 per pack of 200+ adults	\$63 per pack of 200+ adults	\$58 per pack of 200+ adults	10% discount for 6 or more deliveries

Recommendations: 6 or more releases. In unsprayed or rarely sprayed macadamias, make releases every 3-4 weeks all year round. In sprayed macs, start releases 2 weeks after the spraying season and then every 3-4 wks through to spring.

Add to the above prices: Express Post, typically \$17 to \$25 per delivery and GST.
